” What's your “I should know better”? What's your “I've been .” What's your “I should know better”? You might think it's an easy question, but actually that question is really more important than you may imagine. Making any effective presentation is hard. If you want to make an effective presentation, you have to make some presentations! You have to make a lot of presentations. If you want to be good at making effective presentations, you need a systematic way to do so. If you want to be effective in almost any area of life and work, you need this book. It's for you and about you. It's for anyone who wants to be effective in any area of life and work. It's for everyone. You don't have to be a researcher or scientist to benefit from slide:ology. It's for anyone. It will help you make presentations that work. It will help you avoid making presentations that don't work. It will help you keep presentations that you've already made from being so terrible you want to jump through the room. This book will help you avoid being one of the crazy people who lose their jobs because they were a horrible public speaker. It

---

will help you avoid being one of those crazy people who get fired because they made horrible presentations. It will help you find ways to tell your story that will engage your audience. It will help you make presentations that will live on and on and on. It will help you make presentations that people will love. It will help you make presentations that you want to make. It will help you make presentations that engage. It will help you avoid making presentations that bore people to death. It will help you make presentations that are well-researched. It will help you make presentations that are data driven. It will help you make presentations that are written with great grammar and spellings. It will help you avoid making presentations that are not written with great grammar and spellings. It will help you make presentations that fit to the particular medium in which they're being presented. It will help you make presentations that are well-organized. It will help you make presentations that are well-structured. It will help you make presentations that are well-paced. It will help you make presentations that are well-polished. It will help you make presentations that are well-edited. It will help you make presentations that are well-timed. It will help you make presentations that are 82157476af
